CHURCHES OF CHRIST, SCIENTIST

"Spirit" is the subject of the Lesson-Sermon on Sunday, August 7, in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. Among the Scriptural citations in the Lesson-Sermon are these words from Paul to the Galatians: "This only would I learn of you, Received ye the Spirit by the works of the law, or by the hearing of faith? Are ye so foolish? having begun in the Spirit, are ye now made perfect by the flesh? For, brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another. . . . This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh."

A correlative selection from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, includes these statements: "Strangely enough, we ask for material theories in support of spiritual and eternal truths, when the two are so antagonistic that the material thought must become spiritualized before the spiritual fact is attained. . . . Jesus knew, 'It is the spirit that quickeneth; the flesh profiteth nothing.'"
